

Milender White Construction Co. (MWCC) and ORCA Communications were approved in Dec 2013 by the SBA for a formal SBA Mentor-Protégé partnership. Our first joint venture agreement is nearing final approval and we are excited to bring together two Native American Owned companies whom both possess a long and successful history of excellence and performance. In addition our corporate cultures match as we both place a premium on safety, integrity, systems and attention to detail.

Our combined capabilities and expertise provides us with the resources and technological solutions to satisfy your information, telecommunications and construction needs. As an SBA Approved 8(a) Native American program participant we have the ability to meet your technical and contracting requirements. Please contact us so we may provide your organization a customized solution that will allow you to accomplish your mission.
